A Leading Integrated Facilities Management Company is seeking for high-level key personnel to join our leadership team.

HEAD OF OPERATIONS

In this role, you will be managing around 2,000 employees and will provide inspired leadership for the entire team. You will make important policy, planning and strategy decisions that will deliver a 5-star hard and soft services provision in a high-demanding world class facility. Successful candidates will have 15 years of relevant maintenance management experience with a degree in Engineering or equivalent.

Main responsibilities:

- Deliver a suite of KPIs that include operational uptime and compliance.
- Lead the development of forward maintenance plans and life cycle costing models.
- To lead the design and delivery of both the Hard and Soft Services Platform.
- Work with senior stakeholders. Build alliances and partnerships with other organizations.

MAINTENANCE MANAGER

As the Maintenance Manager, you will be responsible for providing guidance, support and direction to the team where a KPI-driven environment is the norm. Ideal candidates must be a qualified Mechanical, Electrical or Civil Engineer with 12 years of experience in maintenance management role. MMUP certification will be an advantage.

Main responsibilities:

- Accountable for meeting operational team objectives through demonstrating a customer-centric leadership style.
- Collaboratively work with internal and external stakeholders to build and sustain strong working relationship.
- Develop and manage a successful preventive maintenance plan.

Send your CV to fmentalentqa@gmail.com clearly mentioning the position applied for in the subject line.
